

Says

What have we heard them say?
What can we imagine them saying?

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

Network marketing
Digital marketing
Cyber security

Direct sales,
Backend sales,
Compensation plan, Affiliate marketing

Business need to develop a strong network marketing is almost a 50-year-old concept

Digital marketing comes with its own set of challenges, including implicit bias

Content marketing, Mobile marketing, E-mail marketing, Pay-Per-Click(PPC)

Information or data security, Application security, Cloud security

JEGADHESAN
I THINK SAY ABOUT ESTIMATION OF BUSINESS EXPENCES

Cyber security is the body of technologies, protect networks, devices, programs and data from attack..

Most people who join legitimate network marketing programs make little or no money.

Single-tier marketing_This marketing is considered the most authentic type of marketing

The most prosperous Social media marketing (SMM), Search engine marketing (SEM), Search engine optimization(SEO).

The future of digital marketing is bright because now there is more market and consumer awareness.

Cyber security has a high demand for skilled professionals and is growing gradually.

Does

What behavior have we observed?
What can we imagine them doing?

Feels

What are their fears, frustrations, and anxieties?
What other feelings might influence their behavior?
